Aspirations

Freddie's goal this year is to maintain the levels of success he has had at county level, in all of his sports. As rugby is his main sport he hopes that next year will see him selected to trial for divisional level (London & south east of England squad) and after that go on to trial for the u16s England rugby squad. As the rugby season finishing will focus his efforts on shot putt where he will compete in as many competitions as possible.
