

Living Environment Deprivation

This measures the quality of individuals' immediate surroundings both within and outside the home, falling into two sub-groups: 'Indoors' living environment – the quality of housing; and 'Outdoors' living environment.

Indoors:

- Social and private housing in poor condition;
- Houses with central heating

Outdoors:

- Air quality;
- Road traffic accidents

National comparison: Island LSOAs which were amongst the 20% most deprived areas in England:

- Cowes Medina A
- East Cowes South B
- Newport South B
- Ryde North West A
- Ryde South East B
- Ventnor East A

Isle of Wight compared with England (Living Environment Deprivation)
