Abuse is always wrong.

If you are being abused, it's not your fault.

Does anybody make you feel scared?

Does anybody hurt you?

Does anybody treat you badly because you are gay, have a disability, different colour skin or a different religion?

Abuse is when someone hurts you or treats you badly.

Does anyone touch you in a way you do not like?

Does anybody take your money without you saying 'Yes' first?

Do you feel the person looking after you is not keeping you safe and well?

If these things are happening to you, TELL US NOW

Tell someone you trust.
