SCOPAC was an umbrella organisation which aimed to ensure that a fully co-ordinated approach was taken to shoreline management between neighbouring authorities on the central section of the south coast of England. They provided a forum for the exchange of information on the success or failure of specific types of shoreline management strategies and other related issues.

The Portfolio Holder gave consideration to the recommendation from the Environment and Transport Select Committee to elect Mrs Barbara Clough to fill a vacancy as the Council's representative on SCOPAC.

DECISION TAKEN :
