

DIVERSITY IMPACT ASSESSMENT QUESTIONNAIRE

SERVICE: Early Years	DIRECTORATE: Children's Services
Responsible Officer: Jane Mansfield/ Sue Bucknall	Date of Assessment 9.8.07

Introduction:

As a requirement under the Race Relations (Amendment) Act 2000 all of the council's services have to undergo an impact assessment (IA) to determine their potential impact on the promotion of equalities.

The IA looks at how a service promotes, monitors and consults in their area to ensure that equalities are promoted. Completion of the IA will help the organisation understand what areas need assistance and where best practice can be shared. The information will be used to determine the extent to which services meet the requirements of the Equality Standard for Local Government, the Race Relations (Amendment) Act 2000 and the Disability Discrimination Act 1995. On completion of the IA action plans will be developed which will link to teams service plans. For the year 2006/07 the IA process will be integrated into the service planning process.

In order to complete the IA questionnaire, the following questions, which will enable you to measure your service, will need to be answered.

Where you can provide information and examples please do so, as this will help you to judge the level of impact your service has on the promotion of equalities.

Should you need any help / advice when completing the questionnaire, please refer to the guidance notes issued with this questionnaire or contact Rosie Barnard 823091.
