13th June 2006

Andrew Ashcroft
Head of Planning Services
Isle of Wight Council
Council Offices
Seaclose
Fairlee Road
Newport, PO30 2QS

Dear Mr Ashcroft

Erection of wind turbines, at Wellow

We refer to your letter dated the 1st June 2006, sent to Bournemouth International Airport.

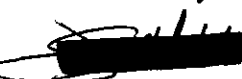

The proposed development has been examined from an aerodrome safeguarding aspect. The Safeguarding Office has identified that the positioning of the turbines will affect our radar and navigation aids and therefore **I would advise you that the Airport would wish to object to this development on the grounds of aviation safety.**

I would draw your attention to Sections 7 and 8 of the Planning Circular ODPM 1/2003 which require any local planning authority proposing to act contrary to the advice of a consultee to undertake a formal process of notification, including formal notification of the Civil Aviation Authority.

As stated in my letter of the 22nd May 2006, in order to fulfil our safeguarding responsibilities, as defined by ODPM circular 1/2003. We have established a central Safeguarding Office at Nottingham East Midlands Airport. Therefore I would be grateful if you would please forward all safeguarding consultations relating to Bournemouth International Airport to the Safeguarding Office at Nottingham East Midlands Airport for consideration. This will enable us to provide a timely and consistent response.

If you have any queries please let us know. We can be contacted using the above address. Alternatively our telephone number is 01332-852971 and our e-mail is safeguarding@nottinghamema.com

Yours sincerely

Jenny Saville
Environment & Safeguarding Officer
