**WINDFARM CO-ORDINATION REQUESTS FOR
WEST WIGHT WINDFARM, TURBINE ONE, NGR NK
37851 73540, RADIUS 500 METRES .**

Planning Application: P.01400/06 – TCP/27774
For Attention of: Mr Andrew Pegram

21 SEP 2006

Dear Andrew,

Ofcom has found that no civil fixed links should be affected by the proposal for wind turbines.

This response to your co-ordination request is only in respect of microwave fixed links and does not include broadcast transmissions or scanning telemetry links that may be affected by your proposals. Contacts for scanning telemetry and TV broadcasting are given below:

CSS Spectrum Management Services Ltd. David Tripp 01458 273 789 david.tripp@css.gb.com
(for Scanning Telemetry)
Joint Radio Company (JRC). David Priestley 020 7953 7015 david.priestley@jrc.co.uk (for
Scanning Telemetry)

Please note that with regard to assessing the affects to TV reception, the BBC now have an online tool available on their website, at <http://windfarms.kw.bbc.co.uk/>
Ofcom will no longer be forwarding enquiries received to the BBC or carrying out assessments. Developers are advised to access the online tool.

Please also be advised that this co-ordination request is also only in respect of fixed microwave links managed by the Ofcom, in addition the applicant is obliged to do further checks for the proposals with the CAA, the MOD, NATS. More information is available on the British Wind Energy Association website www.bwea.com . The MoD contact is Mark Pickett on 0121 311 3847.

For Attention of: Mr Andrew Pegram

22 SEP 2006

Dear Andrew,

Ofcom has found that the following links may be affected by the proposal for wind turbines.

Below are full details of the link operators mentioned above where you will find the owners identified by Company name, contact and telephone number;

<i>Links</i>	<i>Company</i>	<i>Contact</i>	<i>Telephone</i>
88733	Next Petroleum UK Ltd	Graham Rennie	01224 351298

The applicant should have clearance from the licensed link operators mentioned, stating that they are satisfied that the proposed turbines will not affect the operation of the microwave link.

This response to your co-ordination request is only in respect of microwave fixed links and does not include broadcast transmissions or scanning telemetry links that may be affected by your proposals. Contacts for scanning telemetry and TV broadcasting are given below:

CSS Spectrum Management Services Ltd. David Tripp 01458 273 789 david.tripp@css.gb.com
